CAUTION!

Do not attempt maintenance on a gas spring until internal pressure is exhausted. To verify that pressure has been exhausted, make sure that the piston rod can retract into the tube manually.

90.320.M

The DADCO Modular T-Handle is compatible with three common rod end service threads: M6 x 1.0, M8 x 1.25, and M10 x 1.5. The primary thread on the tool is M8x1.25 with two attachable bits provided to fit M6 x 1.0 and M10 x 1.5 threads. (Additional bits stored on the ergonomic handle)

Parts Guide
